

Arkansas Department of Education
2021-2023 Academic Facilities Wealth Index
19-Jan-21

NOTES:

A.C.A. § 6-20-2502 defines the calculation of the Academic Facilities Wealth Index.

The Academic Facilities Wealth Index is computed annually; however, the FWI calculated at the time master plans are due for a biennial project cycle is used to determine funding for the entirety of the project cycle.

The Academic Facilities Wealth Index is used to determine a school district's share of financial participation in a local academic facilities project eligible for state financial participation as approved by the Commission for Arkansas Public School Academic Facilities and Transportation.

The district share of financial participation is the next to the last column and has been adjusted as appropriate according to A.C.A. § 6-20-2502(B)(v) and 6-20-2502(D).

The district share of financial participation is initially calculated by dividing the district value of one mill per ADM by the value of one mill per ADM for the district at the 95th percentile of students (with school districts ranked from the lowest to the highest value of one mill per ADM).

The result of the above calculation is then subtracted from the wealth index as determined under subdivision (1)(A)(iv). The result is divided by two; then that result is added to the value from subdivision (1)(B)(vi).

The value of one mill per ADM for the school district (Russellville School District) at the 95th percentile of students is \$192.95.

The state share of financial participation is calculated by subtracting the district share of financial participation from one.

Pursuant to A.C.A. § 6-20-2502 as amended by Act 1080 of 2019, every school district with FWI of 1.00 or greater will be funded at the same level as the first district with FWI below 1.0, except that this funding will not exceed the amount of funding provided for FWI of nine hundred ninety-five thousandths (.995).

Pursuant to § A.C.A. 6-20-2502(D), school districts identified as high-growth districts under A.C.A. § 6-20-2511 shall receive the lesser of the wealth index as calculated under the formulas under subdivision (1)(A) and (1)(B).

School districts identified as high-growth districts as defined in A.C.A. § 6-20-2502(D) are identified by the letter "H" in column 4. District not identified as high-growth are identified with "0" in column 4.

The FWI's as calculated under subdivision (1)(A) and as calculated under subdivision (1)(B) prior to high-growth adjustment are provided for informational purposes.

A.C.A.- AR Code Annotated; ADM- Average Daily Membership; LEA- Local Education Agency; FY- Fiscal Year; FWI- Facilities Wealth Index

Sorted by LEA number - column A
